Dear Ms. Williamson:

As we advised you in our letter of April 24, 2002, the Committee discloses its memo entries from its affiliated committees on a monthly reporting cycle and reports its transfers-in on Line 12 based upon the date that dollars are actually received. Thus, a memo entry will be included in the Committee's monthly report if dollars were contributed in that period to the affiliated committee. However, dollars from the affiliated committees are transferred only periodically to the Democratic Senatorial Campaign Committee, thus there is no direct relationship between the dollars on the monthly memo entries and the dollars reported as received on Line 12.

The October and November Monthly reports disclose list rental income from A. B. Data on Line 17. Please be advised that the Committee's names are sold at the standard market value of a dollar amount per 1,000 names. This is the standard of the industry.

Please be advised that the Committee exercises "best efforts" in requesting contributor information. The required information is requested in the initial solicitation and then there is a follow-up request in writing with all appropriate language and a self-addressed envelope. The Committee routinely includes with its regular filings a list of contributors with the additional employer/occupation information. This has been the standard policy of the Committee and the procedures have always been followed.

With reference to the October Monthly Report please be advised that the H2 schedule referenced RS'98 in error. There was no activity for this event in this reporting period. Please accept this explanation as our amendment.

With reference to the November Monthly Report, we have included with this letter a copy of the check from the Washington State Democratic Central Committee which was reported appropriately on Line 12. The check is for \$80,000.00 dated 10/15/2001.

If you require further information or clarification, please notify me.

Sincerely,

James M. Jordan  
Treasurer

JMJ/acg
